

## SHIMMERING ROSE BY WENDY MCGLINCHEY

### **Step 1**

Take your base card and using a cotton ball dab some Versafine ink lightly and randomly over the card face.

Using a new cotton ball for each colour take two/three different shades of yellow chalk and swirl over the top of the versamark ink.

### **Step 2**

Repeat step one on the white strip of card and the three 2" squares.

### **Step 3**

Take the three stamps that you want to use and ink up with black Versafine ink. Stamp three different images onto the three 2" squares and set aside to dry. Once dry use your coloured pencils to add colour where required.

### **Step 4**

Layer these stamped and finished squares onto the three pieces of black card measuring 2.25" x 2.25" using double sided tape.

Proceed to layer these three toppers onto the chalked strip, and then onto the black strip. This is now ready to be added to your base card using double sided tape.

### **Step 5**

On an odd scrap of white card stamp the swirly heart image in black Versafine. Once dry colour with the same chalks as used previously and cut the image out.

### **Step 6**

Embellish the bottom of the card with ribbon and mount the heart over the ribbon using 3D foam pads.
