

## A CHRISTMAS ANGEL BY WENDY MCGLINCHEY

### **Step 1**

Cut a piece of white card 4" x 6" for your background piece. Using a piece of sponge or felt place a dot of gold acrylic paint and lavender acrylic paint side by side with a gap between them on your chosen applicator and dab all over the white card stock, leaving a little white card stock showing through. Replenish the paint on the applicator as you need to in order to cover the whole piece. Set aside to dry.

### **Step 2**

Once your background is dry, ink up the Music Score stamp with a Versamark ink pad and stamp onto the top left and bottom right corner, lifting the stamp off at the edges and using your fingers to press the stamp down irregularly - this is the one time you do not want a perfect stamping or a uniformed square patch. Cover with white embossing powder, dusting off any stray patches and heat emboss.

### **Step 3**

Decide whether you want an oval for the topper or a rectangle and cut two shapes with a quarter of an inch difference. The outer in white card and the inner in your matching patterned paper. Using your metallic gold acrylic paint - paint the edge of your outer piece and set aside to dry.

### **Step 4**

Ink your Angel stamp using the Versamark ink pad and stamp onto the inner piece of patterned paper, cover with gold embossing powder, dust off any stray embossing powder and heat emboss. Using glue or double sided tape stick your inner piece with your angel to the outer piece when the paint is dry.

### **Step 5**

Punch two holes into your background piece about half an inch up from the bottom and centred with an inch gap between holes. Add your gold eyelets to your punched holes and thread your ribbon going into the holes towards the back, crossing over and coming up through opposite holes at the front. Trim the ribbon.

### **Step 6**

Using double sided tape or glue attach your background piece to a card base that measure 5" x 7". Attach your Angel oval/rectangle topper using 3D foam pads.
