

## HOLLY DOODLES XMAS TREES BY WENDY MCGLINCHY

### Step 1

Choose the size of your base card and tear two strips of white card to come to about the half way mark on your base card. I have used a tearing edge ruler for my strips.

### Step 2

Tear a strip of white vellum for the bottom of the card about an inch wide. Tear a piece of red vellum about 2 inches wide for the top layer.

### Step 3

Using the Icicle Stickers Glue decorate the jagged edges of your card strips and set aside to dry.

### Step 4

Using the long thin Holly Doodle border stamp ink up with your Versamark ink pad and stamp along the strip. Cover with white embossing powder and heat emboss. Once cool colour the leaves and berries using your Marvy pens or other colouring medium. Set aside to dry.

### Step 5

Cut three triangles, three thin rectangles and three star shapes by freehand, using die cutting machines or paper punches. Cover the three stars and three thin rectangles with the Silver Stickers glue and set aside to dry.

### Step 6

Using the same Holly Doodle border stamp ink up with Versamark and stamp each of the three triangles, covering with silver embossing powder and heat emboss. Colour the leaves and berries using the same Marvy pens or colouring medium of your choice. Decorate the edges of the three triangles with silver Stickers Glue. Leave to dry.

### Step 7

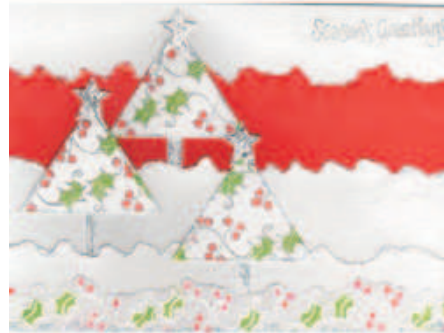

On your base card stamp one of the greetings from the Holly Doodles Set in Versamark and stamp into the top right hand corner. Cover with silver embossing powder and heat emboss.

### Step 8

You can now assemble your card attaching the red vellum strip about three quarters of the way up your card, using double sided tape attach the remaining two strips of white card (leaving the top edge unstuck to enable the trunk of the trees to be tucked just under the edge). Attach the white vellum strip to the bottom of the card using a suitable vellum adhesive.

### Step 9

Assemble your trees tucking the tree trunks just under the torn edge of each layer, the stamped triangles over the top of the tree trunks and the stars on the top of the triangles. Use double sided tape or 3D foam pads to attach them to your card base - your preference.
