

## SHIMMERING ROSE BY WENDY MCGLINCHEY

### Step 1

Taking the word background stamp from the Valentine set, ink it up using the Brilliance Galaxy Gold and stamp image onto the top of the white piece of card measuring 7.25 x 2.25". Repeat stamping the word image until the whole piece of card is covered with text, lining up the stamp with the previous image as you go – a stamp positioner may help for exact placement. Set aside to dry.

### Step 2

Take your Gold Glimmer Mist and give it a good shake. Now dry, proceed to mist the text piece you have just stamped until you are happy with the result. Set aside to dry. (This step is purely optional).

### Step 3

Take the 'Be My Valentine' stamp in the Valentine set and ink the stamp using a red dye ink. Stamp this greeting centrally at the bottom of the now dry text piece and allow to dry.

### Step 4

Layer the text piece onto the gold mirror card using double sided tape and stick this piece on the DL base card using double sided tape also.

### Step 5

Taking the long stemmed rose image ink it up using the Versamark ink pad and stamp onto a piece of white card. Cover with gold detail embossing powder and heat emboss.

### Step 6

Take your selected colours of Twinkling H20's and give them a good misting with water. Leave the pots for a good five minutes before use for a creamier consistency. Once ready paint your image as desired using a paint brush. Set aside to dry and once dry cut the image out.

### Step 7

Take your bottle of Icicle Sticks glue and put a small amount on your finger. Using your finger dab small amounts over the image wherever you wish. Allow to dry and once dry pop 3D foam pads on the back of the rose and mount over the text background.
